1 No surprise bills! - Any excess downloads will be charged at 10c/MB and will be capped at \$49.95 for bundled customers or \$54.95 for unbundled customers. Speed is reduced to 64kbps/64kbps once you have reached your monthly cap. 256kbps Option 1 account is not eligible for free traffic. **2** All other plans enjoy speed shaping - the choice is yours! The monthly allowance specified in the table simply tells you how much you can download at your chosen speed (256kbps, 512kbps, 1.5Mbps or 8Mbps). Your speed will be shaped to 64kbps/64kbps. Please note that Westnet Freezone traffic is free and will not contribute towards monthly download usage or be subject to speed shaping. Uploads are not counted towards your monthly quota but will be shaped once your monthly quota has been reached. Don't want to be shaped? You can simply opt to pay \$6/GB of data should you wish to download at full speed at all times. You can select your preferred option during the signup process. Once you become a Westnet member, you can view and/or change your option at any time at <http://myaccount.westnet.com.au> **3** This applies to customers whose provider participates in the Fast Transfer Process. If the broadband service is disconnected within the first 6 months a \$55 cancellation fee applies. Full Terms and conditions available at www.westnet.com.au. **4** This applies to customers whose provider participates in the Fast Transfer Process. The Free Transfer offer is available to Westnet members who sign up to the Broadband1 service and keep the service active for a period of 12 months. Customers who select the Free Transfer offer and cancel the service or transfer the service to another provider within the first 6 months, will subject to an early cancellation fee of \$105. Customers who select the Free Transfer offer and cancel the service or transfer the service to another provider within the first 7-12 months, will subject to an early cancellation fee of \$50. **5** 3, 6, 12 months payment options are not available on bundling. These options can be paid by cheque, money order or bpay. **6** Plan fees are payable in advance at the start of the term. **7** Four hour session limit applies. **8** Capped at \$17 (total maximum cost \$29.95 if paid monthly). **9** No session limit applies. May be disconnected after 6 hours if congestion occurs. **10** No session limit applies. May be disconnected after 12 hours if congestion occurs.

Boost Terms & Conditions - Speeds range from 1.5Mbps/256kbps to 8Mbps/384kbps. Maximum speeds are dependant on how far you live from the local telephone exchange, configuration and quality of your phone line, quality of your ADSL modem and line filter, the number and type of services being used in your neighbourhood, interference from outside sources, your computer's hardware and software set up, and the configuration of any computer you are trying to access. Please refer to Westnet's General and Broadband Terms and Conditions which can be found on our website.

Dialup Terms & Conditions - Prices effective as of December 2008. All prices include GST and are subject to change without notice. Please refer to Westnet's General and Dialup Terms and Conditions which can be found on our website.

Phone Terms & Conditions - Call caps available anytime and include 37c call connection fee. International calls using 0011 prefix only. Calls made using 0015 and 0018 prefixes are not included. Top 10 international rates and caps apply to physical land lines in Top Ten Countries only. International mobiles & special numbers not included. Prices effective as of December 2008. All prices include GST and are subject to change without notice. All accounts payable via Credit Card or Direct Debit. Please refer to Westnet's General and Phone Terms and Conditions which can be found on our website.
